Programme Outline
In this programme, we will cover some basic knowledge of satellite applications, satellite motions in space, different types of satellite orbits, mission simulations, functions of satellite systems and subsystems, and design qualifications and philosophies. You will work in groups to discuss mission planning and satellite design. You will have the opportunity to construct the mockup of your own satellite using 3D printing and other construction materials.

Besides the technical programme, we will also conduct a campus tour, visit to Satellite Technology and Research Centre (STAR) and Center for Remote Imaging, Sensing and Processing (CRISP). A Singapore city tour will also be arranged.

Who Should Attend?
This programme is suitable for any budding engineer or scientist who may be interested to discover space technologies. No prerequisite knowledge is expected other than some high school science.

When will this Programme be Conducted?
Time: 2 weeks, from 9-20 July 2018
Venue: Engineering Design and Innovation Centre,
Block E2A, 5 Engineering Drive 2,
National University of Singapore, 117579

Accommodation: University Town, NUS

Cost: SGD 1200 excl travel costs, incl accommodation
  SGD 1100 (Early bird before 1 June 2018)
  The above cost is for non-air conditioned rooms.
  Air conditioned rooms may be arranged for SGD100 more.

**Registration Form (International Participants)**

(Please fill in all fields)

**Title**: 
Mr ☐ Miss ☐

**Family name (Last Name)**: 
____________________________________________

**First Name**: 
___________________________________________

**Nationality**: 
____________________________________________

**Name to appear on badge**: 
______________________________________

**University/Company**: 
______________________________

**Department/Position**: 
____________________________________________

**Email address**: 
____________________________________________

*(any correspondences will be sent to this address. Please ensure the accuracy of the input)*

**Mobile (incl country code)**: 
____________________________________________

**Fee**: 
☐ With 12 Nights accommodation - SGD1100 (Early Bird till 1st June 2018)

☐ With 12 Nights accommodation - SGD1200 (non-early bird)

**Payment**: 
☐ Invoice (only for University / Corporate Payment)

☐ Bank Transfer

**Beneficiary's Name**: National University of Singapore

**Beneficiary's Account No.**: 032-000313-3

**Beneficiary's Bank**: DBS Bank Ltd, Singapore

**Bank Address**: 12 Marina Boulevard, DBS Asia Central, Marina

Bay Financial Tower 3, Singapore 018982

**Swift Code**: DBSSSGSG

For payment via Bank Transfer, email engrsmu@nus.edu.sg for instructions and details.

**Signature**

You may register by completing this form and email to engrsmu@nus.edu.sg by: 15th June 2018.

Or register via the online form here: https://mysurvey.nus.edu.sg/EFM/se/543BE5C24ADD9B15

*Students are required to attach a copy of individual valid student matriculation card for verification.

*All successful applicants will be informed via email by 20th June 2018 (or earlier).*
**Week 1**  
**Programme and Activities**

**Day 1**
**Morning**
- Opening Address
- Ice-breaking session
- Brief introduction of Global Satellite Agencies and their Roles

**Afternoon**
- NUS Campus Tour
- Different satellite configurations eg nanosats, cubesats, microsats, etc
- Case studies or examples of some student projects from other institutions

**Day 2**
**Morning**
- Space Environments and Orbits
- Subsystems in a satellite

**Afternoon**
- System Tool Kit (STK) Simulation Environment
- Company Visit

**Day 3**
**Morning**
- Orbital Mechanics
- Orbital Mechanics Simulations

**Afternoon**
- Attitude Determination and Control Subsystem (ADCS)
- Free & Easy – Bonding time

**Day 4**
**Morning**
- Electrical Power Subsystem (EPS)
- Thermal Subsystem

**Afternoon**
- Visit to the Center for Remote Imaging, Sensing and Processing (CRISP)
- Tracking, Telemetry and Command (TT&C)

**Day 5**
**Morning**
- On-Board Computer (OBC)
- Satellite Launch & Operations

**Afternoon**
- Visit to the Satellite Technology and Research Centre (STAR)
- Testing of Satellites
