Timetable for Semester 1, 2009 / 2010 (from week of 10 Aug onwards)

Day	Module Code	Module Name	Staff	Dept	Room
Monday 1800 – 2100	MT5007/ BMA5115	Management of Technological Innovation	A/Prof Jeffrey Funk	ETM	E3-06-01
	1800 – 2100	MT5008/ BMA5404	Corporate Entrepreneurship (ETM class)	Adjunct A/Prof Andrew Ng	ETM E5-03-21
Tuesday 1800 – 2100	MT5012	Marketing of High-Technology products and Innovations	Adjunct A/Prof Andrew Ng	ETM	E5-03-23
	1800 – 2100	IE5211	New Product Management	Dr Chai Kah Hin	ISE E3-06-08
Wednesday 1800 – 2100	MT5002	Management of Industrial R&D	Prof Hang Chang Chieh VP Frans Carpay	ETM	E1-06-01
	1800 – 2100	MT5001	IP Management (Class 1 Session 1)	Prof Liu Shang-Jyh	ETM E1-06-05
	1800 – 2100	IE5208	Systems Approach to Project Management	Dr Yap Chee Meng	ISE LT2
Thursday 1800 – 2100	MT5011	Finance for Engineering & Technology Management	Adjunct A/Prof Frankie Tan	ETM	E1-06-01
Friday 1800 – 2100	MT5003	Creativity and Innovation	A/Prof Marcelo Ang VP Charles Lee	ETM	Engineering Auditorium
	1800 – 2100	MT5880	Topics in Management of Technology (Techno- Economics Systems)	VP Chihiro Watanabe	ETM E1-06-01
Saturday 0900 – 1200	MT5001	IP Management (Class 1 Session 2)	Prof Liu Shang-Jyh	ETM	E3-06-08

(Please refer to the Important Notes on the next page)

Important Notes:

1. **Students are to check with the ETM website (<http://www.eng.nus.edu.sg/etm>) again closer to the start of the semester to ensure that there are no last minute changes to any of the timings.**
2. **Classes will commence from the week of 10 August onwards. As 10 August is a public holiday, the first lesson for the modules on 10 August will commence on 17 August instead.**
3. Online module registration will commence from **3 Aug 09 9am to 23 Aug 09 11.59pm**. Please refer to the ETM website for more information, instructions and deadlines regarding the module registration.

Students are to ensure that you do not encounter either class time-table or examination date clashes when you select to read your modules for the semester. To check the examination date, please refer to here: <http://www.nus.edu.sg/registrar/event/exam.html>.

If you cannot find an examination list listed for a particular module, it means that the module does not have any final examinations. The final grade of these courses without a final examination will be determined by other assignments and projects.

4. Students who are taking **MT5001 IP Management**, please take note that **classes will be conducted extensively twice a week on Wednesday evenings and Saturday mornings. Students must attend both lessons every week.** The last lesson will be conducted end of September, after which students will be tasked with assignments and projects that will be expected to complete by November. These will make up for the final grade in lieu of an examination paper.
5. **MT5012 Marketing of High-Technology products and Innovations** and **MT5880 Topics in Management of Technology (Techno-Economics Systems)** are new elective modules that our division is offering for the first time. You may refer to the ETM curriculum website for more details on the module.
6. Students who have taken **IE5003 Cost Analysis and Engineering Economy** or **CE5603 Engineering Economics and Project Evaluation** will not be allowed to take the module **MT5011 Finance for Engineering & Technology Management**, and vice versa.

Students who have taken **MT5006 Strategic and New Product Development** will not be allowed to take **IE5211 New Product Management**, and vice versa.

7. Students who are taking modules from NUS Business School, except BMA5115, are to prepare a 1-2 page resume for the Business School's perusal. Students must also be prepared to attend a short interview by Business School if necessary.

Students are to note that if they are admitted to take Business School modules, a fee of \$2,500 per 4MC module will be payable to NUS Business School.

Please refer to the NUS Cross-Faculty module website for more information on the procedures for applying for cross-faculty modules:

<http://bschool.nus.edu.sg/TheNUSMBA/ForCurrentStudents/CrossFacultyModules/tabid/1108/Default.aspx>

8. Places for the non-ETM modules are extremely limited. We regret to inform that only a number of students will get to do these modules. The selection and admission of the students for the non-ETM modules will be done by the respective host departments, and their decision shall be final.
