

MSc (SDM)
Timetable for Semester 1, 2009 / 2010 (from week of 10 Aug onwards)

Day	Module Code	Module Name	Staff	Dept	Room
Monday 1800 – 2100	MT5007/ BMA5115	Management of Technological Innovation	A/Prof Jeffrey Funk	ETM	E3-06-01
	1800 – 2100	SDM5001	Systems Architecture	A/Prof Vladan Babovic VP Ron Sanchez	ETM E5-03-22
Tuesday 1800 – 2100	MT5012	Marketing of High-Technology products and Innovations	Adjunct A/Prof Andrew Ng	ETM	E5-03-23
	1800 – 2100	IE5211	New Product Management	ISE	E3-06-08
	1800 – 2100	IE5203	Decision Analysis	ISE	LT2
	1800 -2100	BMA5010A	Managing Operations (2MCs, Week 8 to 14)	Dr Brian Hwang	NUS Business School
Wednesday 1800 – 2100	MT5002	Management of Industrial R&D	Prof Hang Chang Chieh VP Frans Carpay	ETM	E1-06-01
	1800 – 2100	IE5208	Systems Approach to Project Management	ISE	LT2
Thursday 1800 – 2100	IE5202	Applied Forecasting Methods	Prof Ang Beng Wah Assoc Prof Huang Huei Chuen	ISE	E1-06-09
	1800 – 2100	MT5011	Finance for Engineering & Technology Management	ETM	E1-06-01
	1800 – 2100	BMA5004A	Management and Organization (2MCs, Week 1 to 7)	NUS Business School	Dr Chia Ho Beng Conference Room A
Friday 1800 – 2100	MT5003	Creativity and Innovation	A/Prof Marcelo Ang VP Charles Lee	ETM	Engineering Auditorium
Saturday					

(Please refer to the Important Notes on the next page)

Important Notes:

1. **Students are to check with the ETM website (<http://www.eng.nus.edu.sg/etm>) again closer to the start of the semester to ensure that there are no last minute changes to any of the timings.**
2. **Classes will commence from the week of 10 August onwards. As 10 August is a public holiday, the first lesson for the modules on 10 August will commence on 17 August instead.**
3. Online module registration will commence from **3 Aug 09 9am to 23 Aug 09 11.59pm**. Please refer to the ETM website for more information, instructions and deadlines regarding the module registration.

Students are to ensure that you do not encounter either class time-table or examination date clashes when you select to read your modules for the semester. To check the examination date, please refer to here: <http://www.nus.edu.sg/registrar/event/exam.html>.

If you cannot find an examination list listed for a particular module, it means that the module does not have any final examinations. The final grade of these courses without a final examination will be determined by other assignments and projects.

4. **MT5012 Marketing of High-Technology products and Innovations** is a new elective that our division is offering for the first time. You may refer to the ETM curriculum website for more details on the module.
5. Students who have taken **IE5003 Cost Analysis and Engineering Economy** or **CE5603 Engineering Economics and Project Evaluation** will not be allowed to take the module **MT5011 Finance for Engineering & Technology Management**, and vice versa.

Students who have taken **MT5006 Strategic and New Product Development** will not be allowed to take **IE5211 New Product Management**, and vice versa.

6. Students who are taking modules from NUS Business School, except BMA5115, are to prepare a 1-2 page resume for the Business School's perusal. Students must also be prepared to attend a short interview by Business School if necessary.

Students are to note that if they are admitted to take Business School modules, a fee of \$2,500 per 4MC module will be payable to NUS Business School.

Please refer to the NUS Cross-Faculty module website for more information on the procedures for applying for cross-faculty modules:

<http://bschool.nus.edu.sg/TheNUSMBA/ForCurrentStudents/CrossFacultyModules/tabid/1108/Default.aspx>

7. Places for the non-ETM modules are extremely limited. We regret to inform that only a number of students will get to do these modules. The selection and admission of the students for the non-ETM modules will be done by the respective host departments, and their decision shall be final.
