Faculty Requirements for Students Admitted from AY2014

The Faculty Requirements for B.Eng. students admitted in AY2014 are as follows:

- GEK1549 Critical Thinking And Writing
- EG2401 Engineering Professionalism
- ES2331 Communicating Engineering
- HR2002 Human Capital in Organizations

While HR2002, EG2401 & ES2331 must be read as essential modules (module type code 01), GEK1549 fulfils GEM A requirement (module type code A9).

Important Points to note:

1. Students in University Town College Programme (UTCP) will be reading IEM1 and IEM2 modules to fulfil UTCP requirements, which are in lieu of GEK1549 and ES2331 respectively. UTCP students must read another GE module (other than GEK1549) to fulfil GEM Group A requirement.

2. Students in Ridge View Residential College (RVRC) will be reading ES1601 to fulfil RVRC requirements, which are also in lieu of both GEK1549 & ES2331. RVRC students must read another GE module (other than GEK1549) to fulfil GEM Group A requirement.

3. Students who qualify & notified to read the advanced ES1501X (e.g. ES1501A, ES1501C) can read this module in lieu of both GEK1549 & ES2331. However, they must read another GE module (other than GEK1549) to fulfil GEM Group A requirement.

4. Students in UTCP / RVRC / CEG / USP should refer to their respective program website for details on their Writing and Communications module requirements. Students who drop out of UTCP/RVRC/USP programs may need to read GEK1549 and/or ES2331, hence please seek the advice of Faculty for further details to ensure you have fulfilled graduation requirements.
