DSO: LIKE NO OTHER

We are Singapore’s one-and-only defence R&D organisation.

Be Inspired
At DSO, transform ideas into reality as you push the boundaries to develop secret-edge technologies to force multiply our national defence capabilities. Embark on your R&D adventure in our dynamic environment, and work with Singapore’s brightest minds to change the rules of the game in the battlefield.

Having Serious Fun
Experience the depth and breadth of R&D in over 15 exciting research areas, from research to systems development.

Achieving Personal and Professional Growth
From dedicated learning and development programmes to scholarships and sponsorships to fulfil your aspirations.

Inspire and be Inspired
Made possible by a strong collaborative and sharing culture, enhanced by a holistic and integrated approach to work-life harmony.

Grooming Talents
Fire up your passion with unique internships for aspiring researchers, from post-A-Level, polytechnic to university students.

Embark on your R&D adventure in DSO and make a real difference with us today.
