Words from our Graduates

I am a Civil Engineer by training but have worked in the field of engineering for over 20 years. My journey began at NUS where I graduated with a degree in Civil Engineering. Since then, I have worked on various projects both in Singapore and overseas. Today, I am the Director of Civil Engineering at a major construction company. I believe that the skills and knowledge I acquired at NUS have been instrumental in my career. I am grateful for the opportunities I had and the network I built during my time at NUS.

En Tan Young Hang, Class of 1987
Senior Consulting Engineer, EJ bell & Partners Pte. Ltd.

My experience at NUS Engineering has been invaluable. The program provided me with a strong foundation in the technical aspects of engineering, as well as a set of soft skills that I have found useful throughout my career. The faculty were knowledgeable and approachable, and the projects we worked on exposed us to real-world problems.

Roscio Wee, Class of 2014
Project Engineer, SRL Engineering Pte. Ltd.

En Tan Young Hang, Class of 1987
Senior Consulting Engineer, EJ bell & Partners Pte. Ltd.

In my time at NUS Engineering, I was fortunate to be mentored by some of the best professors in the field. They not only taught us the technical aspects of engineering but also instilled in us a passion for lifelong learning.

I am proud to be a part of the NUS Engineering community and to have contributed to the success of the department.
