No other organisation puts you at the forefront of science and technology like DSO does.

As Singapore’s national defence R&D organisation, you will be pushing the boundaries in DSO to develop technological surprises to enhance the nation’s defence capabilities.

Transform ideas into reality with our research scientists and engineers who think out of the box to change the rules of the game in the battlefield.
SpOnsorship for Aspiring Researchers (SOAR)
SOAR is an award scheme for high calibre undergraduates and graduates who are pursuing their Master’s degree, who want to grow their passion for research into a career in defence R&D.

SOAR recipients will get to:
• interact with our research scientists and engineers, and gain access to our leading-edge facilities
• be assigned a mentor that will guide and coach you through your learning journey
• gain hands-on experience of life as a researcher, with the opportunity to undergo your internship here, as well as work with us during your term vacations
• receive special invitations to our corporate events

AWARD TERMS
The SOAR recipient will receive:
• all tuition and compulsory fees with an annual allowance of S$12,000 for local studies, or an annual Overseas Maintenance Allowance for overseas studies
• hostel fees for local students
• annual return airfare for overseas recipients

SERVICE COMMITMENT
• Undergraduate (Local) - 1 year bond for each year of sponsorship
• Masters (Local) - 1 year bond for each year of sponsorship
• Masters (Overseas) - 1.5 years bond for each year of sponsorship

ELIGIBILITY
• Singapore citizens
• Tenable from 2nd, 3rd and/or 4th year of study for undergraduates, and from 1st to 2nd year for graduates who are pursuing their Master’s degree
• Open to fields of study relevant to DSO’s needs, such as:
  - Aerospace Engineering
  - Computer Engineering
  - Electrical and Electronics Engineering
  - Engineering Science
  - Engineering Product Development
  - Information Systems Technology and Design
  - Mathematics
  - Physics
• Local students: Minimum CAP/GPA of 4.2
  - UK students: Degree classification of 2:1 and above
  - US students: Minimum GPA of 3.55, or Magna Cum Laude or equivalent

APPLICATION
If you have met the above criteria, please write to campusrelations@dso.org.sg

20 Science Park Drive Singapore 118230
